

Pre-Nursery Preparation Class (Trilingual Stream)

To better assist children to settle into pre nursery or kindergarten school life, our affiliated learning centre m.i.l.k. is now providing a **Pre-Nursery Preparation** class. Through play, inquiry and interactions and other effective learning methods, children will better develop their language ability, adaptability to classroom setting and self-care ability. Further into the course, we will work hand in hand with parents in lowering the level of stress for children as they separate from parents on their first days of school.
